Body of Knowledge

DF and MS proposed a consultation day in March 2019 – ‘From Body of Knowledge to Embodied Knowledge’ to be held in Cambridge

Following recent anxieties regarding the standards of quality, governance and professionalism which had been raised, DF suggested that there should be a review of courses to include the processes for assessing fitness and competence to practice and how this was to be evidenced.

PN suggested that this should be on annual or at least biennial basis.

MS asked whether external examiners reports could be included.

The meeting received and accepted the Academic Advisors review of the PG Cert. paediatric chaplaincy course as fit for accreditation.
